Presented with love to.....

.....

If you do this prayer for twenty one days continuously, then the words of this prayer will program your subconscious mind positively and the words of this prayer will turn into reality in your life.

I feel happy to gift this small present and wish that you achieve heights of peace, happiness and prosperity through positive programming of your mind.

Why Prayer of Mind ?

As per the laws of psychology, whatever we do with sincere efforts for twenty one days continuously, it becomes a habit. There are many people in the society who live their lives with negative thoughts and beliefs. This attracts negative incidents in their lives. There is a cosmic law that our outer world is a direct reflection of our inner world. That is why, our negative thoughts and beliefs create a negative atmosphere in our outer world.

If we wish to experience positive events in our outer world, then we have to make our inner world (our thoughts and beliefs) positive. This prayer has been created to make everyone's thoughts and beliefs positive. I am sure if you do this prayer for twenty one days continuously then your thoughts and beliefs will become positive.

I request you to write to me when positive events start taking place in your life as recited in this prayer.

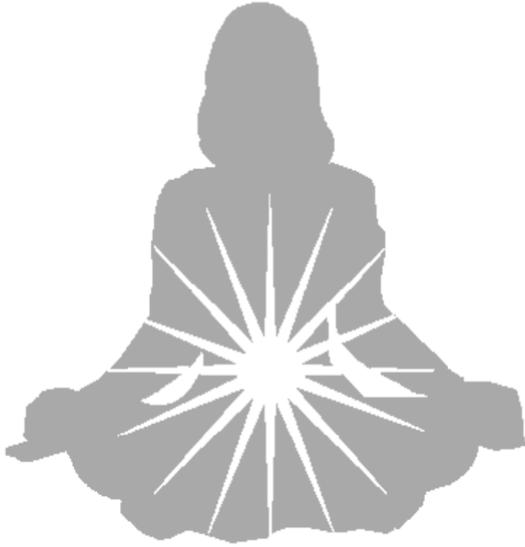

With best wishes,

Prof. Dr. Jeetendra Adhia

*Oh! Subconscious Mind
You Are Mighty
I Have Seen Your Power
I Have Complete Trust In You.*

I am born with the boon of happiness

This is my prayer, my own prayer.

I know the power of prayer.

So I do this prayer everyday, whole heartedly.

*My existance on this planet
as a human being is not an accident.*

I have been created for a definite purpose.

I am born to do some significant tasks.

I know for sure that there are many qualities within me.

I am utilizing these qualities in my life to the fullest.

I have set my goals to do something worthwhile.

*I clearly know what I want to achieve
and what I want to give back
to the society as my contribution.*

*I know that balance of success gives happiness
and happiness gives peace of mind.*

I am being successful everyday in one or the other field.

I am getting happiness in different ways every day.

I experience peace everyday.

I am blessed with happiness.

*I am always experiencing happiness
and spreading happiness.*

My mind is a thriving sea of infinite power

I know that my existence is me (i.e. body and my mind).

To achieve success, happiness and peace,

*I use my body as well as my mind because I know that
my mind is a thriving sea of infinite power.*

It is omnipotent and omnipresent.

*I am utilizing the unlimited power of my mind
in all fields.*

*I do work hard but my hard work is
not limited to my body. I also work with my mind.*

I am working in right direction and in a proper way.

*My entire hard work is
to achieve a definite worthy goal.*

*I have set definite goals in all the four aspects of life
i.e. physical, social, mental and spiritual, and
to achieve them, I utilize the power of my mind.*

My one mind is the boss and other is subordinate.

One is conscious and another is subconscious.

*The co-ordination of both minds
gives me happiness and peace.*

So I am always happy and cheerful!
